Part I.—Right to Compensation

4. Where the Medical Board certify :—

- (1) that the death of a workman has been caused by asbestosis or by asbestosis accompanied by tuberculosis ; or
- (2) that a workman is totally disabled from asbestosis or from asbestosis accompanied by tuberculosis ; or

(a) S.R. & O. 1931 No. 341 p. 642 below.

- (3) that a workman, though not totally disabled, is suffering from asbestosis or from asbestosis accompanied by tuberculosis to such a degree as to make it dangerous for him to continue work in the processes, and is for that reason suspended from employment ;

and where the disease is due to employment in the processes whether under one or more employers, the workman or his dependants, as the case may be, shall be entitled to claim compensation as if the disease as aforesaid were a personal injury by accident arising out of and in the course of that employment, as provided by the Act, but subject to the modifications hereinafter contained.

Provided that no compensation shall be payable :—

- (a) if the Medical Board certify that the asbestosis cannot have been contracted in the processes owing to the shortness of the time during which the workman has been employed therein ;
- (b) in cases where the workman has not been employed in the processes or has not been in receipt of weekly payments under this Scheme at any time within the three years previous to the date of the injury ;
- (c) in cases where the workman, or his dependants, as the case may be, are in receipt of compensation under any other scheme or enactment providing compensation for asbestosis or silicosis whether in Great Britain or elsewhere.

5. If the workman has been employed in the processes for a period or periods amounting to not less than five years, the disease shall be deemed to be due to employment in the processes unless the employer proves the contrary.

6. For the purposes of this Scheme the date of the injury shall be deemed to be the date on or from which the workman is certified to be totally disabled or, while not totally disabled, is suspended from employment or, in cases where the workman dies without having been certified to be totally disabled or suspended, the date of death.

7. Where a workman claims to be suffering from asbestosis or asbestosis accompanied by tuberculosis, the employer may agree with the workman that he is liable to pay compensation without requiring the workman to obtain a certificate from the Medical Board, and thereupon the workman shall be deemed to be suspended from employment in the processes and shall be entitled to compensation as from the date of the agreement or from such other date as may be agreed.

Any such agreement may be recorded in the manner provided by section 23 of the Act as applied by this Scheme, and shall be enforceable against the employer in like manner and subject to the same provisions as an agreement to pay compensation in case of an injury under the Act

8.—(1) The compensation shall be claimed and recoverable from the employer who last employed the workman in the processes ; except that in the case of a newly engaged workman who is suspended from employment in the processes at an initial examination in pursuance of paragraph 12 of the Silicosis and Asbestosis (Medical Arrangements) Scheme, 1931, the employer from whom compensation shall be claimed and recoverable shall be the employer who last employed the workman in the processes previously to the new engagement.

(2) Any other employers who employed the workman in the processes during the five years preceding the date of the injury shall, unless they had at the commencement of this Scheme ceased to carry on the said processes, be liable to make to the employer from whom compensation is recoverable such contributions as, in default of agreement, may be determined by arbitration under this Scheme.

Provided that no employer shall be liable to make any such contribution—

- (i) in any case where the employer from whom compensation is recoverable has admitted liability to pay compensation in pursuance of paragraph 7 of this Scheme without requiring a certificate from the Medical Board ; or
- (ii) in respect of any period of employment more than twelve months previous to the commencement of this Scheme.

Part II.—Amount of Compensation

9.—(1) In cases of death or total disablement the compensation payable under this Scheme shall be determined in accordance with the provisions contained in the Act for fixing the compensation in cases of death or total incapacity.

In cases of total disablement the compensation shall be payable from the date certified by the Medical Board as the date on which such disablement commenced, or, if the Board are unable to certify such a date, the date on which the certificate is given.

(2) In cases of suspension due to asbestosis or asbestosis accompanied by tuberculosis where the workman is not totally disabled :—

- (a) if the Medical Board certify that the workman's general physical capacity for employment is impaired by reason of the disease, the workman shall be entitled, while impairment continues, to a weekly payment fixed in accordance with the provisions of the Act for fixing the compensation in cases of partial incapacity;
- (b) if the Medical Board certify that the workman's general physical capacity for employment is not impaired by reason of the disease, the workman, if unable to obtain suitable employment at a rate of remuneration not less than he was earning in the processes, shall be entitled while he remains out of such employment, to such weekly payment as, in the absence of agreement, the County Court Judge or other arbitrator may direct.

Provided that such compensation shall not be payable for more than thirteen weeks in all, and shall in no case exceed 50 per cent. of the workman's average weekly earnings computed in accordance with the provisions of the Act.

(3) In the application of the aforesaid provisions of the Act the amount of compensation shall be calculated with reference to the earnings of the workman under the employer from whom compensation is recoverable under this Scheme.

Part III.—Conditions of Compensation

10. The provisions as to notice of accident and claim for compensation contained in section 14 of the Act shall apply in cases of death, total disablement or suspension arising under this Scheme subject to the following modifications :—

- (a) the employer to whom the notice is to be given shall be the employer who last employed the workman in the processes or, in the case of a newly engaged workman who is suspended from employment in the processes at an initial examination in pursuance of paragraph 12 of the Silicosis and Asbestosis (Medical Arrangements) Scheme, 1931, the employer who last employed the workman in the processes previously to the new engagement;
- (b) the notice may be given notwithstanding that the workman has voluntarily left his employment.

11.—(1) The provisions of the Act relating to submission to medical examination, and so far as regards examinations made by a medical practitioner provided and paid by the employer, the provisions relating to suspension of the right to compensation, and any regulations (excepting those determining the fees payable to medical referees) and rules of court made thereunder, shall apply in the case of any workman claiming or in receipt of weekly payments of compensation under this Scheme, subject to the condition that no workman in receipt of such weekly payments shall be required to submit himself for examination by a medical practitioner under the said provisions more frequently than once in every three months.

Provided that any reference required to be made to a medical referee under the said provisions shall be made to the Medical Board.

(2) Where a medical examination of the workman by a medical practitioner provided and paid for by the employer is required by the employer, such examination may include a radiological examination made by such practitioner or by a radiologist selected by him.

12. It shall be the duty of every workman—

- (a) to submit himself to the periodic and other examinations provided for under this Scheme or the Silicosis and Asbestosis (Medical Arrangements) Scheme, 1931, and for that purpose unless certified by a duly qualified medical practitioner to be unfit to travel) to attend at the place and time specified by the Medical Board or the medical practitioner appointed to make the examination ;
- (b) after having been certified to be totally disabled or suspended from employment in the processes not to re-engage in employment therein or in any of the occupations mentioned in the Schedule to this Scheme except so far as may be allowed by certificate of the Medical Board.

If a workman refuses or wilfully neglects to submit himself to any such examination or in any way obstructs the same, or if, contrary to the foregoing provisions, he re-engages in employment in the processes or in any of the occupations mentioned in the said Schedule, he shall forfeit any right to compensation under this Scheme.

Provided that if the County Court Judge or other arbitrator under this Scheme is satisfied that the failure of the workman or his dependants to comply with any of the requirements of this paragraph has been due to a *bona fide* mistake on his or their part or other reasonable cause, it shall be in his discretion to relax this provision on such conditions and to such extent as he may think fit.

13. It shall be the duty of every workman or his dependants claiming compensation under this Scheme to furnish to the employer from whom compensation is claimed, if so required, true information as to his employment with any previous employer who, within the five years preceding the date of the injury, employed him in the processes or in any of the occupations mentioned in the Schedule to this Scheme and as to whether the workman or his dependants are in receipt of compensation under any other scheme or enactment providing compensation for asbestosis or silicosis, whether in Great Britain or elsewhere.

If a workman or his dependants furnish false information or withhold information as aforesaid, he or they, as the case may be, shall forfeit any right to compensation under this Scheme.

Provided that if the County Court Judge or other arbitrator under this Scheme is satisfied that the failure of the workman or his dependants to comply with any of the requirements of this paragraph has been due to a *bona fide* mistake on his or their part or other reasonable cause, it shall be in his discretion to relax this provision on such conditions and to such extent as he may think fit.

Part IV.—Procedure for Settling Questions

14.—(1) Any question as to the liability to pay compensation under this Scheme, and, except as otherwise provided in this Scheme, any other question arising under this Scheme shall be determined as though it were a question in proceedings arising under the Act, and the provisions of the Act relating to the procedure for determining compensation and settling questions and any regulations (except those determining the fees payable to medical referees) and rules of court made in pursuance thereof shall apply accordingly.

Provided that (a) the provisions of the Act as to the summoning of a medical referee as assessor shall not apply to cases arising under this Scheme; and (b) any report required in pursuance of the said provisions to be obtained from a medical referee shall be obtained from the Medical Board.

(2) The power of making rules of Court under the Act shall include a power to make such rules as may be necessary for the purpose of carrying this Scheme into effect.

Part II.—Benefit Fund

11.—(1) All benefits under this Scheme and such other expenses as may be prescribed in this Scheme shall be paid out of a Benefit Fund which shall be maintained by subscriptions paid by occupiers of factories in which the employment is carried on, and shall be administered by the Administrative Board.

(2) Any expenses incurred from time to time by the Administrative Board in the administration of the Fund or otherwise for the purposes of this Scheme may, with the approval of the Secretary of State, be charged to the Fund.

(3) There shall also be paid out of the Fund :

- (a) such fees or other payments to or on behalf of the Medical Board as may be approved by the Secretary of State, to remunerate the Board for their services as respects medical examinations made and certificates given under this Scheme, and to meet expenses necessarily incurred by the Board in obtaining special expert assistance or otherwise for the purpose of their duties under this Scheme ;
- (b) any travelling or other expenses reasonably incurred by a workman (subject to any scale approved by the Secretary of State) in submitting himself for examination when so required by the Medical Board ;
- (c) any fees or other charges payable in respect of the administration of any moneys held in trust under this Scheme.

12. The Administrative Board shall have power, not later than six months from the commencement of this Scheme, to borrow for the purposes of the Fund, such sums not exceeding in the aggregate one thousand Pounds, as the Secretary of State may approve and on such terms as to the giving of security, rate of interest, repayment or otherwise, as may be so approved.

13. It shall be the duty of the Administrative Board, subject to and in compliance with any directions given by the Secretary of State in that behalf, to fix, levy and enforce such subscriptions from occupiers of factories in which the employment is carried on as will at least enable the Fund to meet the cost of benefits and of administrative and other expenses payable from the Fund under this Scheme as they fall due to be paid, and to invest or otherwise deal with all moneys received by the Fund, and to secure that no moneys or securities belonging to the Fund are applied directly or indirectly for any purposes other than those authorised under this Scheme.

Subscriptions shall be fixed for periods of twelve months, unless the Administrative Board with the approval of the Secretary of State fix a shorter period. The first such period shall commence with the date on which this Scheme is made. The subscription shall be based on the aggregate number of carding engines in factories in which the employment is carried on at the commencement of the period, and shall unless and until otherwise fixed and determined, be at the rate of 2s. 6d. per annum for each such carding engine.

The rate of subscription shall be reviewed from time to time by the Administrative Board in the light of experience of the working of this Scheme and of the estimated liabilities of the Fund, but no alteration in the rate of subscription shall take effect until approved by the Secretary of State.

14. The occupier of every factory in which the employment is carried on shall pay to the Fund such subscriptions as aforesaid and shall give any such guarantees as the Administrative Board may with the approval of the Secretary of State determine; and any sum due by any such occupier to the Fund under this Scheme may be recovered by the Administrative Board summarily as a civil debt.

15. Any occupier of a factory commencing to carry on the employment shall forthwith notify the Administrative Board accordingly.

16. The occupier of every factory in which the employment is carried on :—

(a) shall send to the Administrative Board on their demand such information as the Board may from time to time require as to the number of carding engines in the factory, and

(b) shall allow the officers of the Board to visit the factory for the purpose of ascertaining or checking the number of carding engines in the factory.

17. If the occupier of any factory in which the employment is carried on at any time fails to furnish the information required under the preceding paragraph the Administrative Board shall be entitled to assess his subscription on such information from whatever source as is in their possession as to the number of carding engines in the factory from time to time and the subscription shall be payable accordingly and no question shall be referred to the Secretary of State in respect thereof.

Provided that this paragraph shall not apply if within fourteen days of the notice of assessment the occupier furnishes the Administrative Board with the information.

18. If any question arises under this part of this Scheme as to the application of this Scheme to any particular factory or as to the number of carding engines in a factory, the question shall be referred for final decision to the Secretary of State or, if the parties prefer, to a single arbitrator agreed upon by the parties and approved by the Secretary of State or, failing such agreement, appointed by the Secretary of State.

The Arbitration Act, 1889, shall not apply to any arbitration under this Scheme.

52 & 53 Vict.
c. 49.

19. The Administrative Board shall cause the accounts of the Fund to be audited at least once in every year by an auditor appointed by the Secretary of State.

20.
