PART I.—RIGHT TO COMPENSATION

4. Where the Medical Board certify :—

- (1) that the death of a workman has been caused by pneumoconiosis or by pneumoconiosis accompanied by tuberculosis ; or
- (2) that a workman is totally disabled from pneumoconiosis or from pneumoconiosis accompanied by tuberculosis ; or
- (3) that a workman, though not totally disabled, is suffering from pneumoconiosis or from pneumoconiosis accompanied by tuberculosis to such a degree as to make it dangerous for him to continue work in the industry and is for that reason suspended from employment ;

and where the disease is due to employment in the industry whether under one or more employers, the workman or his dependants, as the case may be, shall be entitled to claim compensation as if the disease as aforesaid were a personal injury by accident arising out of and in the course of that employment, as provided by the Acts, but subject to the modifications hereinafter contained.

(a) S.R. & O. 1931 No. 341, p. 642 below.

Provided that no compensation shall be payable :—

- (a) if the Medical Board certify that the disease cannot have been contracted in the industry owing to the shortness of the time during which the workman has been employed therein ;
- (b) in cases where the workman has neither been employed in the industry nor been in receipt of weekly payments under this Scheme at any time within the five years previous to the date of the injury ;
- (c) in cases where the workman, or his dependants, as the case may be, are in receipt of compensation under any other scheme or enactment providing compensation for any form of pneumoconiosis whether in Great Britain or elsewhere.

5. If the workman has been employed in the industry for a period or periods amounting to not less than five years, the disease shall be deemed to be due to employment in the industry unless the employer proves the contrary.

6. For the purposes of this Scheme the date of the injury shall be deemed to be the date on or from which the workman is certified to be totally disabled or, while not totally disabled, is suspended from employment in the industry, as the case may be, or, in cases where the workman dies without having been certified to be totally disabled or suspended, the date of death.

7. Where a workman claims to be suffering form pneumoconiosis or pneumoconiosis accompanied by tuberculosis, the employer may agree with the workman that he is liable to pay compensation without requiring the workman to obtain a certificate from the Medical Board, and thereupon the workman shall be deemed to be suspended from employment in the industry and shall be entitled to compensation as from the date of the agreement or from such other date as may be agreed.

Any such agreement may be recorded in the manner provided by section 23 of the Workmen's Compensation Act, 1925, as applied by this Scheme, and shall be enforceable against the employer in like manner and subject to the same provisions as an agreement to pay compensation in case of an injury under that Act.

8.—(1) The compensation shall be claimed and recoverable from the employer who last employed the workman in the industry ; except that in the case of a newly engaged workman who is suspended from employment in the industry at an initial examination in pursuance of paragraph 12 of the Medical Arrangements Scheme, the employer from whom compensation shall be claimed and recoverable shall be the employer who last employed the workman in the industry previously to the new engagement.

(2) Any other employers who employed the workman in the industry during the five years preceding the date of the injury shall, unless they had at the commencement of this Scheme ceased to carry on the industry, be liable to make to the employer from whom compensation is recoverable such contributions as, in default of agreement, may be determined by arbitration under this Scheme.

WORKMEN'S COMPENSATION

Provided that no employer shall be liable to make any such contribution—

- (i) in any case where the employer from whom compensation is recoverable has admitted liability to pay compensation in pursuance of paragraph 7 of this Scheme without requiring a certificate from the Medical Board ; or
- (ii) in respect of any period of employment more than twelve months previous to the commencement of this Scheme.

PART II.—AMOUNT OF COMPENSATION

9.—(1) In cases of death or total disablement the compensation payable under this Scheme shall be determined in accordance with the provisions contained in the Acts for fixing the compensation in cases of death or total incapacity.

In cases of total disablement the compensation shall be payable from the date certified by the Medical Board as the date on which such disablement commenced, or, if the Board are unable to certify such a date, the date on which the certificate is given.

(2) In cases of suspension due to pneumoconiosis or pneumoconiosis accompanied by tuberculosis where the workman is not totally disabled :

- (a) if the Medical Board certify that the workman's general physical capacity for employment is impaired by reason of the disease, the workman shall be entitled, while impairment continues, to a weekly payment fixed in accordance with the provisions of the Acts for fixing the compensation in cases of partial incapacity ;
- (b) if the Medical Board certify that the workman's general physical capacity for employment is not impaired by reason of the disease, the workman, if unable immediately to obtain suitable employment at a rate of remuneration not less than he was earning in the industry, shall be entitled while he remains out of such employment, to such weekly payment as, in the absence of agreement, the County Court Judge or other arbitrator may direct.

Provided that such compensation shall not be payable for more than thirteen weeks in all, and shall in no case exceed 50 per cent. of the workman's average weekly earnings computed in accordance with the provisions of the Acts.

(3) In the application of the aforesaid provisions of the Acts the amount of compensation shall be calculated with reference to the earnings of the workman under the employer from whom compensation is recoverable under this Scheme.

PART III.—CONDITIONS OF COMPENSATION

10. The provisions as to notice of accident and claim for compensation contained in section 14 of the Workmen's Compensation Act, 1925, shall apply in cases of death, total disablement or suspension arising under this Scheme subject to the following modifications :—

- (a) the employer to whom the notice is to be given shall be the employer who last employed the workman in the industry or, in the case of a newly engaged workman who is suspended from employment in the industry at an initial examination in pursuance of paragraph 12 of the Medical Arrangements Scheme, the employer who last employed the workman in the industry previous to the new engagement.
- (b) the notice may be given notwithstanding that the workman has voluntarily left his employment in the industry.

11.—(1) The provisions of the Workmen's Compensation Act, 1925, relating to submission to medical examination, and so far as regards examinations made by a medical practitioner provided and paid by the employer, the provisions relating to suspension of the right to compensation, and any regulations (excepting those determining the fees payable to medical referees) and rules of court made thereunder, shall apply in the case of any workman who has applied to the Medical Board for a certificate under paragraph 8 of the Medical Arrangements Scheme or who is in receipt of weekly payments of compensation under this Scheme, subject to the condition that no workman in receipt of such weekly payments shall be required to submit himself for examination by a medical practitioner under the said provisions more frequently than once in every three months.

Provided that any reference required to be made to a medical referee under the said provisions shall be made to the Medical Board.

Provided further that where a workman has been certified by the Medical Board, application may be made to the Medical Board by or on behalf of the employer or the workman for a re-examination of the workman and the provisions of paragraph 9 of the Medical Arrangements Scheme shall apply to such application accordingly.

(2) Where a medical examination of the workman by a medical practitioner provided and paid for by the employer is required by the employer, such examination may include a radiological examination made by such practitioner or by a radiologist selected by him.

12. It shall be the duty of every workman—

- (a) to submit himself to any periodic and other medical examinations provided for under this Scheme or the Medical Arrangements Scheme, and for that purpose (unless certified by a duly qualified medical practitioner to be unfit to travel) to attend at the place and time specified by the Medical Board or the medical practitioner appointed to make the examination ;
- (b) after having been certified to be totally disabled or suspended from employment in the industry not to re-engage in employment in the industry or to engage in any of the occupations mentioned in the Schedule to this Scheme except so far as may be allowed by certificate of the Medical Board. Any certificate under this sub-paragraph may be subject to such conditions, including conditions as to medical re-examination of the workman, as the Medical Board may think fit.

WORKMEN'S COMPENSATION

If a workman refuses or wilfully neglects to submit himself to any such examination as is referred to in this paragraph or in any way obstructs the same, or if, contrary to the foregoing provisions, he re-engages in employment in the industry, or engages in any of the occupations mentioned in the said Schedule, he shall forfeit any right to compensation under this Scheme.

Provided that if the County Court Judge or other arbitrator under this Scheme is satisfied that the failure of the workman or his dependants to comply with any of the requirements of this paragraph has been due to a *bona fide* mistake on his or their part or other reasonable cause, it shall be in his discretion to relax this provision on such conditions and to such extent as he may think fit.

13. It shall be the duty of every workman or his dependants claiming compensation under this Scheme to furnish to the employer from whom compensation is claimed, if so required, true information as to his employment with any previous employer who, within the five years preceding the date of the injury, employed him in the industry or in any of the occupations mentioned in the Schedule to this Scheme and as to whether the workman or his dependants are in receipt of compensation under any other scheme or enactment providing compensation for any form of pneumoconiosis, whether in Great Britain or elsewhere.

If a workman or his dependants furnish false information or withhold information as aforesaid, he or they, as the case may be shall forfeit any right to compensation under this Scheme.

Provided that if the County Court Judge or other arbitrator under this Scheme is satisfied that the failure of the workman or his dependants to comply with any of the requirements of this paragraph has been due to a *bona fide* mistake on his or their part or other reasonable cause, it shall be in his discretion to relax this provision on such conditions and to such extent as he may think fit.

PART IV.—PROCEDURE FOR SETTLING QUESTIONS

14.—(1) Any question as to the liability to pay compensation under this Scheme, and, except as otherwise provided in this Scheme, any other question arising under this Scheme shall be determined as though it were a question in proceedings arising under the Acts and the provisions of the Acts relating to the procedure for determining compensation and settling questions and any regulations (except those determining the fees payable to medical referees) and rules of court made in pursuance thereof shall apply accordingly.

Provided that (a) the provisions of the Acts as to the summoning of a medical referee as assessor shall not apply to cases arising under this Scheme ; and (b) any report required in pursuance of the said provisions to be obtained from a Medical referee shall be obtained from the Medical Board.

(2) The power of making rules of Court under the Acts shall include a power to make such rules as may be necessary for the purpose of carrying this Scheme into effect.

PART V.—MISCELLANEOUS PROVISIONS

15. Any fees paid into the County Court (or in Scotland, the Sheriff Court) in respect of examinations made or certificates given by the Medical Board under any of the provisions of the Acts as applied to this Scheme shall be transmitted by the Registrar of the Court (or in Scotland, the Sheriff Clerk) as the case may be, to the Medical Expenses Fund established under the Silicosis and Asbestosis (Medical Arrangements) Scheme, 1931, in accordance with such arrangements as may be made by the Lord Chancellor (or in Scotland, by the King's and Lord Treasurer's Remembrancer).

16. The provisions of sections 51, 52 (1) and 53 and, notwithstanding anything in section 40 of the Workmen's Compensation Act, 1925, subsections (2) and (3) of section 52 of the National Health Insurance Act, 1936, shall apply to compensation under this Scheme in the same way as to compensation under the Acts.

17. The following provisions of the Workmen's Compensation Act, 1925, shall so far as applicable apply to any case under this Scheme in like manner as in cases under that Act :—

- (a) Section 6.—Liability in case of workmen employed by contractors.
- (b) Section 7.—Provision as to cases of bankruptcy of employer.
